

**Public Water System**  
**NAME: Palo Pinto WSC**  
**ID: TX1820004**

## **IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

### **Lead Treatment Technique Requirements Not Met**

Our water system recently violated a drinking water requirement. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did (are doing) to correct this situation.

Failure to meet minimum treatment requirements for lead has the potential to increase your exposure to lead. We did not complete the following requirement(s):

**Requirement(s) not met:** Failure to Develop and Submit Initial Lead Service Line Inventory and Failure to Make Initial Lead Service Line Inventory Publicly Accessible

**Period(s) of Non-Compliance:** 10/16/2024 – 04/14/2025

#### **What should I do?**

There is nothing you need to do at this time. You may continue to drink the water. We will notify you within 24 hours if a situation arises where the water is no longer safe to drink.

#### **What is being done?**

Requirements met on 4/15/2025

**Expected completion date for the corrective action:** 4/15/2025

### **For more information, please contact:**
